

Table of Contents

Introduction: The Origins and Implications of a Growing

| | |
|---|-----|
| Shortage of Cardiologists | 221 |
| Background | 221 |
| Demographics and Demand for Cardiovascular Services | 222 |
| ACC Survey of the Market for Cardiologists..... | 225 |
| International Medical Graduates..... | 227 |
| Women and Underrepresented Minorities..... | 227 |
| Interventional Cardiologists..... | 228 |
| Team Care for Patients With Cardiovascular Disease | 229 |
| Increasing the Production of Cardiologists..... | 229 |
| Academic Programs | 230 |
| References | 230 |

Working Group 1: How to Increase the Output of

| | |
|--|-----|
| Cardiologists | 233 |
| Objective/Scope | 233 |
| Academic Work Load | 234 |
| Funding Additional Cardiology Training Positions | 235 |
| Increasing the Number and Scope of Cardiovascular Training Programs..... | 236 |
| Programs to Transform General Internists Into Cardiovascular Specialists and to Retain Senior Cardiologists in Practice..... | 237 |
| Recommendations..... | 237 |
| References | 237 |

Working Group 2: How to Encourage More Women to

| | |
|--|-----|
| Choose a Career in Cardiology | 238 |
| Introduction | 238 |
| Recruitment and Visibility..... | 239 |
| References | 241 |

Working Group 3: How to Encourage More Minorities

| | |
|---|-----|
| to Choose a Career in Cardiology | 241 |
| Introduction and Discussion of Racial and Ethnic Disparities in Health Status, Morbidity, and Mortality | 241 |
| Minority Medical School Acceptances, Matriculation, and Graduation..... | 242 |
| Recommendations..... | 245 |
| References | 245 |

Working Group 4: International Medical Graduates and

| | |
|---|-----|
| the Cardiology Workforce | 245 |
| Introduction | 245 |
| Importance of IMGs in the Workforce | 246 |
| IMGs and Training Programs | 246 |

| | |
|--|-----|
| Current Challenges to IMGs | 247 |
| Consideration for "Short-Track" Training of IMGs With Previous Post-Graduate Training..... | 249 |
| Current and Future Implications of the Changing Pool of IMGs on the Cardiology Workforce..... | 249 |
| Balancing Workforce Needs With the Ethics of International Recruitment | 250 |
| Working Group Recommendations | 250 |
| References | 250 |

Working Group 5: Innovative Care Team Models and Processes That Might Enhance Efficiency and

| | |
|---|-----|
| Productivity | 251 |
| Background | 251 |
| Non-Physician Clinicians and the American College of Cardiology..... | 253 |
| Conclusions and Recommendations..... | 255 |
| References | 255 |

Working Group 6: The Role of Technology to Enhance

| | |
|--|-----|
| Clinical and Educational Efficiency | 256 |
| Internet-Based Educational Approaches Can Facilitate Participation in CME Programs..... | 256 |
| Electronic Communication Between Patients and Physicians..... | 257 |
| The Electronic Medical Record (EMR) | 258 |
| Electronically Provided "Disease Management" Guidelines | 259 |
| Telemedicine Potential | 259 |
| Recommendations..... | 260 |
| References | 260 |

Working Group 7: Enhancing the Job "Matching"

| | |
|-----------------------------------|-----|
| Process | 261 |
| Recommendations/Conclusions | 265 |
| References | 266 |

Working Group 8: Defining the Different Types of Cardiovascular Specialists and Developing a New Model for Training General Clinical Cardiologists.....

| | |
|--|-----|
| Introduction | 267 |
| A New Short-Track Model for Training General Clinical Cardiologists | 269 |
| References | 271 |

Summary of Task Force Recommendations to Address the Growing Shortage of Cardiologists

| | |
|--|-----|
| | 272 |
|--|-----|
